Vienna -

On the basis of a Management Board resolution with the Supervisory Board's consent, UNIQA today signed a purchase agreement with AXA and its subsidiary Soci t  Beaujon for the acquisition of shares in the AXA subsidiaries in Poland, the Czech Republic and Slovakia. The targets of the acquisition are life and non-life insurance companies, investment firms, pension funds and service companies of the AXA Group in these countries. The purchase price is around EUR1 billion. The completion of the transaction is subject to all necessary regulatory approvals.

The premium volume of the insurance companies targeted by the acquisition comes to around EUR800 million altogether. The acquisition of the companies is in line with UNIQA's strategy of growing further in countries in which it is already present. In light of UNIQA's good capitalisation, UNIQA intends to finance the acquisition via borrowing rather than a capital increase. UNIQA currently expects the solvency capital ratio after the transaction is completed to be in the upper third of UNIQA's present target corridor of 155 % to 190 %.
