BBO Market Maker

- Trading participants can take part in the Vienna Stock Exchange Best Bid and Offer program. As BBO Market Makers, trading participants are obliged to place quotes for the instruments within a basket.
- This obligation applies to the entire basket, but **not to** individual instruments.
- BBO market makers agree to meet certain quotation requirements for the ATX basket (consisting of all stocks included in the ATX) and/or the non-ATX basket (including all stocks listed on the Vienna Stock Exchange's prime market but not included in the ATX).
- The BBO market maker program covers three levels of fulfilment (Tier 1, Tier 2 and Tier 3) for which following requirements must be met cumulatively:

Security Basket	ATX Basket			non-ATX Basket		
Level of Fulfilment	Tier 1	Tier 2	Tier 3	Tier 1	Tier 2	Tier 3
BBO Presence	20%	10%	5%	20%	10%	5%
Market Maker Size	EUR 5.000	EUR 3.000	EUR 2.000	EUR 2.500	EUR 1.500	EUR 1.000
Passive Market Share	2%	1%	0,50%	2%	1%	0,50%
BBO Base	80%	80%	80%	60%	60%	60%

- The report provides information on whether a BBO market maker has fulfilled its obligations for the reporting month. Only the fulfilment of the entire basket is relevant, not that of individual stocks within the basket.

Liquidity Providers in Auction

- A trading participant who has assumed the function as a liquidity provider shall be considered to have fulfilled its obligations if in the course of one calendar month, it meets $\geq 80\%$ of its quotation obligations (Minimum Size and Maximum Spread) during the daily observation period.
- The daily observation period is the time from the beginning of the call phase of the single intraday auction at 12:30 pm until the end of the single intraday auction on each trading day; for the calculation of the daily degree of performance (in %) by all means the fulfilment of the quotation obligation at the time of the price determination is required.

Market Maker - Bonds

- A trading participant who has assumed a Market Maker function shall be considered to have fulfilled its obligations if, in the course of one calendar month, it meets $\geq 80\%$ of its quotation obligations (Minimum Size and Maximum Spread) during the daily observation period.
- The daily observation period is the time between 09:00 am and 05:30 pm on each trading day.
- If a Market Maker fails to fulfil the obligation within an observation month, there is a reverse of amounts booked for transactions concluded in the relevant month on the basis of principal fees.
- In the case of **Exceptional Market Conditions** (EMC) pursuant to Art. 4 to 6 Delegated Regulation (EU) 2017/578 the obligation to provide liquidity is cancelled to trading participants committed as market maker. The beginning and end of EMC are announced by the exchange operating company through the trading system (Newsboard).

Market Maker - Global Market

- A trading participant who has assumed a Market Maker function shall be considered to have fulfilled its obligations if, in the course of one calendar month, it meets $\geq 50\%$ of its quotation obligations (Minimum Size and Maximum Spread) during the daily observation period or $\geq 25\%$ of its quotation obligations (Minimum Size and Maximum Spread) during the daily observation period provided that the percentage of the market maker share of the overall turnover (double counting) of the respective instrument is $\geq 40\%$.
- The daily observation period is the time between 09:00 am and 05:30 pm on each trading day.
- When the ATX changes $\pm 3\%$ (versus the closing price of the ATX on the preceding day) the fast market rule is triggered for Market Maker in the market segment global market, the applicable quotation requirements are cancelled by Wiener Börse AG and any failures to meet the requirements on the trading day concerned are not considered.
- In the case of **Exceptional Market Conditions** (EMC) pursuant to Art. 1 to 6 Delegated Regulation (EU) 2017/578 the obligation to provide liquidity is cancelled to trading participants committed as market maker. The beginning and end of EMC are announced by the exchange operating company through the trading system (Newsboard).
- If a Market Maker fails to fulfil the obligation within an observation month, there is a reverse of amounts booked for transactions concluded in the relevant month on the basis of principal fees.

For further information please contact Wiener Börse AG (Market Operations):
